FOR IMMEDIATE RELEASE

Onity® Launches New e-Commerce Site

ATLANTA– July 15, 2010 – [Onity](#) announced today the launch of their new e-commerce website, www.onitystore.com. The new website provides current North America Onity customers a way to place orders easily online at any time. Onity, one of the world's leading providers of electronic locking solutions, is part of UTC Fire & Security, a unit of United Technologies Corp. (NYSE:UTX).

Designed as a secure and user friendly site, the new Onity e-store includes a variety of functions. Customers can now order aftermarket parts online from any computer station. The easy-to-use shopping cart provides a simple check-out process. Onity utilizes the SSL (secure sockets layer) encryption to provide customers peace of mind when paying for the order. The site also allows customers to view their account information, look up invoices and check the status of their shipment.

"We are pleased to offer this new online tool for our North America customers," said Mark Gordon, Onity's president. "Our goal is to provide first-rate customer service and by providing this new online store, we are giving our customers the convenience to place their orders on their own time schedule."
